

Aleksandr Romanov

Senior Full-stack Developer (C#, Azure, React)

Location: Czech Republic | Email: romy63ru@hotmail.com | Phone: +420 702151695 | LinkedIn: <https://www.linkedin.com/in/alexandrromanov/>

Summary

- 24+ years in software development, focusing on C#, .NET, Azure, microservices.
- Former Microsoft MVP (2009–2014).
- Deep experience with distributed systems, banking/finance, public healthcare.
- Strong in system architecture, cloud infrastructure, and cross-team leadership.

Tech Stack

- Backend: C#, ASP.NET Core, EF, Web API, CQRS, gRPC, DDD
- Frontend: Angular, React, TypeScript
- Cloud: Azure (AppService, AKS, CosmosDB, Functions, Service Bus), Kubernetes, Helm
- DevOps: Git, Azure DevOps, PowerShell, CI/CD
- Architecture: Microservices, Event-driven, Serverless, Clean Architecture

Professional Experience

FNZ Group | Senior Analyst Developer | 2024–Now

Architected and developed financial solutions in complex distributed environments. Technologies: C#, ASP.NET Core, TypeScript, SQL, PowerShell

TietoEvrý | Technical Lead (Contract) | 2023–2024

Led healthcare integration platforms for Region Stockholm. Designed system architecture and implemented integrations. Technologies: C#, ASP.NET Core 6, TypeScript, EF Core, SQL, React, Kubernetes

Barclays | Consultant (Contract) | 2022

Designed and migrated APIs from .NET Framework to .NET 6, integrated external systems. Technologies: C#, .NET Framework, .NET 6, IBM MQ

RiverBank | Senior Developer (Contract) | 2021–2022

Architected front-office/back-office systems with microservice architecture. Technologies: C#, .NET 6, EF, Angular, Camunda, Kafka, Kubernetes

Oriflame Software | Senior Developer | 2015–2021

Designed distributed document processing system, Azure integrations, SharePoint migration. Technologies: C#, Azure (Cosmos DB, Blob, Functions), ASP.NET, PowerShell

NetAtWork | Senior Developer | 2012–2015

Built surgery support and cloud systems. Technologies: Azure, SharePoint, C#, WPF, SQL Server

Mediamarkt-Saturn | Senior Developer (Contract) | 2010–2012

Developed backend systems for e-commerce and automation. Technologies: ASP.NET, WCF, SQL Server, Azure, NUnit

Independent .NET Developer | 2000-2010

Independent .NET Developer (2000–2010) — developed line-of-business apps using WinForms, VBA, SQL Server for logistics, accounting, and production management clients.

Education & Certifications

- MSc in Software Engineering, Samara State Technical University, 2000
- IBM PSP/TSP Certified, 2005

Awards

Microsoft MVP, SharePoint Development (2009–2014)

Career Objective

Looking for a senior or lead-level .NET position in a product-focused or modern consulting company. Open to hybrid or remote work across the EU.
